

•Fagatele Bay

Coral Reef Marine Sanctuaries

Flower Gardens

Florida Keys

NMSP Opportunities

- Research Facilitation
- Conservation Science Needs - identified for each site, regionally, and for the system
- Publication - Special journal issues, Conservation Series
- Outreach - web sites (national and site-based)

Current Focus Areas

- Site characterizations (print, web, management tools, such as GIS)
- Reserve effectiveness
- Improvement of monitoring programs
- Ocean observing (enhancements, integration, data dissemination)
- Mapping and deep water characterization
- Ecosystem context for management and the identification of potential sanctuary sites

Points of Contact

SE and Gulf of Mexico Region - Billy Causey

- Florida Keys NMS Brian Keller, Res. Coord.
- Flower Garden Banks NMS Emma Hickerson, Res. Coord.

Pacific Islands Region - Allen Tom

- Fagatele Bay NMS Nancy Daschbach, Mgr
- NW Hawaiian Islands CRER Randall Kosaki, Res. Coord.
